

LOCKING SNAP-LATCH
Keeps collar secure.
One-hand installation
and removal makes
changing weights easy.

DURABLE FRAME
Solid nylon injection
molded frame.

LOCK-JAW PRO

LJC-PRO // 2" / 50mm Olympic Barbell Collar

USE: CrossFit, Olympic Lifting, Bumper Plate Workouts

The Lock-Jaw Pro Collar features a solid-core injection molded nylon resin frame and injection molded pressure pads, making it nearly *unbreakable*! One hand installation and removal is easy with the large locking lever. A permanent spring snap-latch keeps the collar secured on the bar through the most brutal workouts.

Innovative design, superior durability, and exceptional performance make the Lock-Jaw Pro Collar an excellent choice for CrossFit and all bumper plate workouts. Lock-Jaw Collars will help prolong the life of your bumper plates by keeping them secure throughout your workout.
